DOROTEA

DESCRIPTION

Dorotea is a bathroom range whose peculiarity is given by the plissé effect added to the jacquard weaving of the terry, enriched by a jacquard GA logo at the bottom of each terry item. The bathrobe will come along with a gift box included in the price. The 4 washcloths, instead, will be sold in a bag enriched by a GA logo embroidery GA. Piece-dyed extra soft cotton 550 gr/mq. Reactive dyes were employed - enabling to increase colourfastness so as to prevent the fabric from fading - suitable for indoor use (do not use outdoors and avoid contact with saltwater/exposure to sunlight).

Washing: wash in water max 40°C, no bleach, iron max 150 °C, no dry cleaning, tumble dry at medium temperature.

MADE IN ITALY.
