

 ARMANI / CASA

RIESLING

Bar cabinet

RIESLING

DESCRIPTION

Bar cabinet marked by a large storing unit that lies on a thin linear structure. Riesling is available in different precious finishes that enrich the neat design. The back of the doors is equipped with short shelves conceived to store glassware. The squared tiles on the doors of the Brushed Greige Oak version are covered by tempered extra-clear glass. The version in Moonlight Decoration features a tubular structure in metal, while others have legs with squared section.

Focus on the material: MOONLIGHT DECORATION

Ivory and black, two sides of the same elegance envisaged by Giorgio Armani. The neutral tones of the first blend in the velvety essence of the second, creating a stunning three-dimensional finish for Armani/Casa. Inspired by the delicate brightness of the moon and its reflections on water and clouds, the new Moonlight Decoration enchants with its dégradé effect, as well as with the uneven appearance: circles, carved in the resin to imitate the concentric ripples created by drops, add movement to the surface resembling water mirroring the night sky.

Microfiber fabrics with no PVC. Metal details are treated with transparent nitre solvent or painted. Vinyl and urea glues.

Maintenance and disposal

Product designed for indoor use. Make sure that the surface does not stay in contact with water or other liquids, even for short periods. The product is made with finishes subject to deterioration if treated with unsuitable substances. Always use neutral and creamy cleaning solutions without alcohol or acids. Never use steel wool or abrasive sponges but a soft wet cloth. Dry thoroughly after each cleaning. The replacement of damaged parts must be done only with original pieces: in this case, please contact an official Armani/Casa dealer for assistance. At the end of its useful life, the product must be returned to an authorized collection center for disposal.
